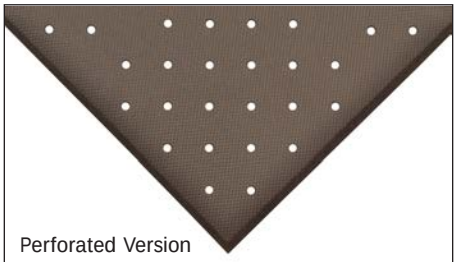
PREMIUM FLOOR MATS
A SUPERIOR Brand

T17 Superfoam®
Anti-Fatigue Matting

Available Colors: Black

Superfoam® is an extremely lightweight anti-fatigue mat designed especially for ease of handling and ergonomic comfort. Made from a closed cell PVC Nitrile foam blend, Superfoam® is highly resistant to greases, oils, animal and vegetable fats. This allows it to be used in areas where occasional overspray and dripping occur such as dishwashing stations and bar areas. And because of its light weight, it is the perfect mat for areas where mats are regularly moved for cleaning like cooking lines, service counters, and food prep stations.



Perforated Version

Test	Test Description	*Results
25% Compression Resistance (psi)	ASTM D1056	6.0 - 12.0
50% Compression Set (%)	ASTM D1056	25 max.
