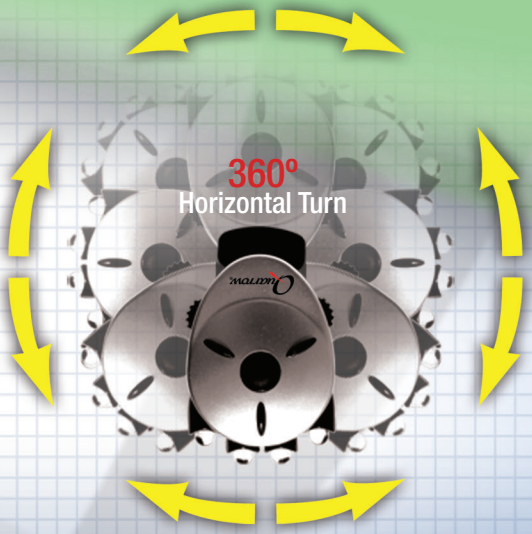
Quarrow Clip-On Cap-Light

Actual Size

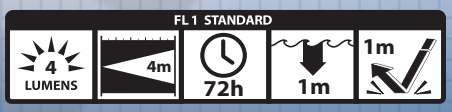
90º Vertical Flexibility



- **Switch between 2 Modes: 2 LEDs On or 4 LEDs On**
- **2 LEDs last up to 120 hours and 4 LEDs last up to 72 hours**
- **Just clip on anywhere and go everywhere**
- **Water-Proof / Shock-Proof impact plastic design**
- **Direct the light wherever you need it**

This is a sleek, lightweight, multi-directional designed Clip-Light with easy to activate push button switch. Lightweight, only 0.8 ounces with batteries. This Clip-On Cap-Light is ideal any time you need hands-free lighting while fishing, camping, hunting, hiking, barbecuing, bike riding and more.

Because the human eye recognizes the color green faster than other colors, green light is best used for map reading or signaling, especially in low light conditions. Also perfect for hunting as some game cannot see green light.



BONUS EXTRA BATTERIES!
2 EXTRA CR2032 LITHIUM BATTERIES
NOTE: 2 Batteries in Product & 2 Extra in Package
