NEBO®

WIND UP LANTERN & FLASHLIGHT COMBO

Great Full Color Retail Packaging with TRY ME Feature!

- **5 POWERFUL ULTRA BRIGHT LEDs**
  Click the button 1 time for 60,000 MCD of white light.
  (LED Bulbs 110,000-plus hour life)

- **CARRY HANDLE**
  For convenience and mobility. Carry Handle also has a hook for hanging.

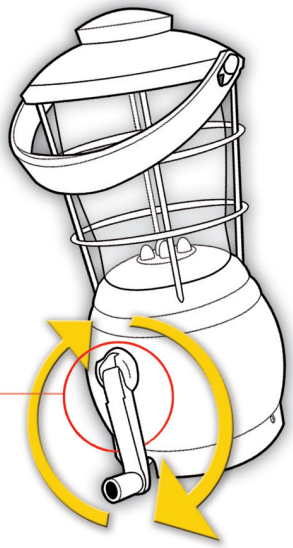
- **NO BATTERIES**
  Wind Up Lantern uses a 6V 2.5AH valve regulated rechargeable battery to give you supreme illumination every time without having to replace batteries.

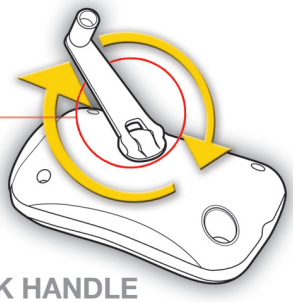
- **WIND UP**
  Wind up for 1 minute to produce 20 minutes of light.
  (Run Time: 5 hours of continuous light)

- **PRECAUTIONS**
  To prolong battery life, always turn lantern off when not in use. A constant drain on a fully discharged battery will shorten the battery's life. It's best to use/charge the lantern at least once a month to avoid permanently draining the battery.

- **REFLECTORS**
  Reflectors are located at the top and bottom to reflect and emit a steady and consistant light output.

- **WIRE GUARD**
  Protects LED housing from damage.





- **CRANK HANDLE**
  Located on the back side of the lantern and underside of the flashlight, the crank handle is used to wind up and charge the lights.
