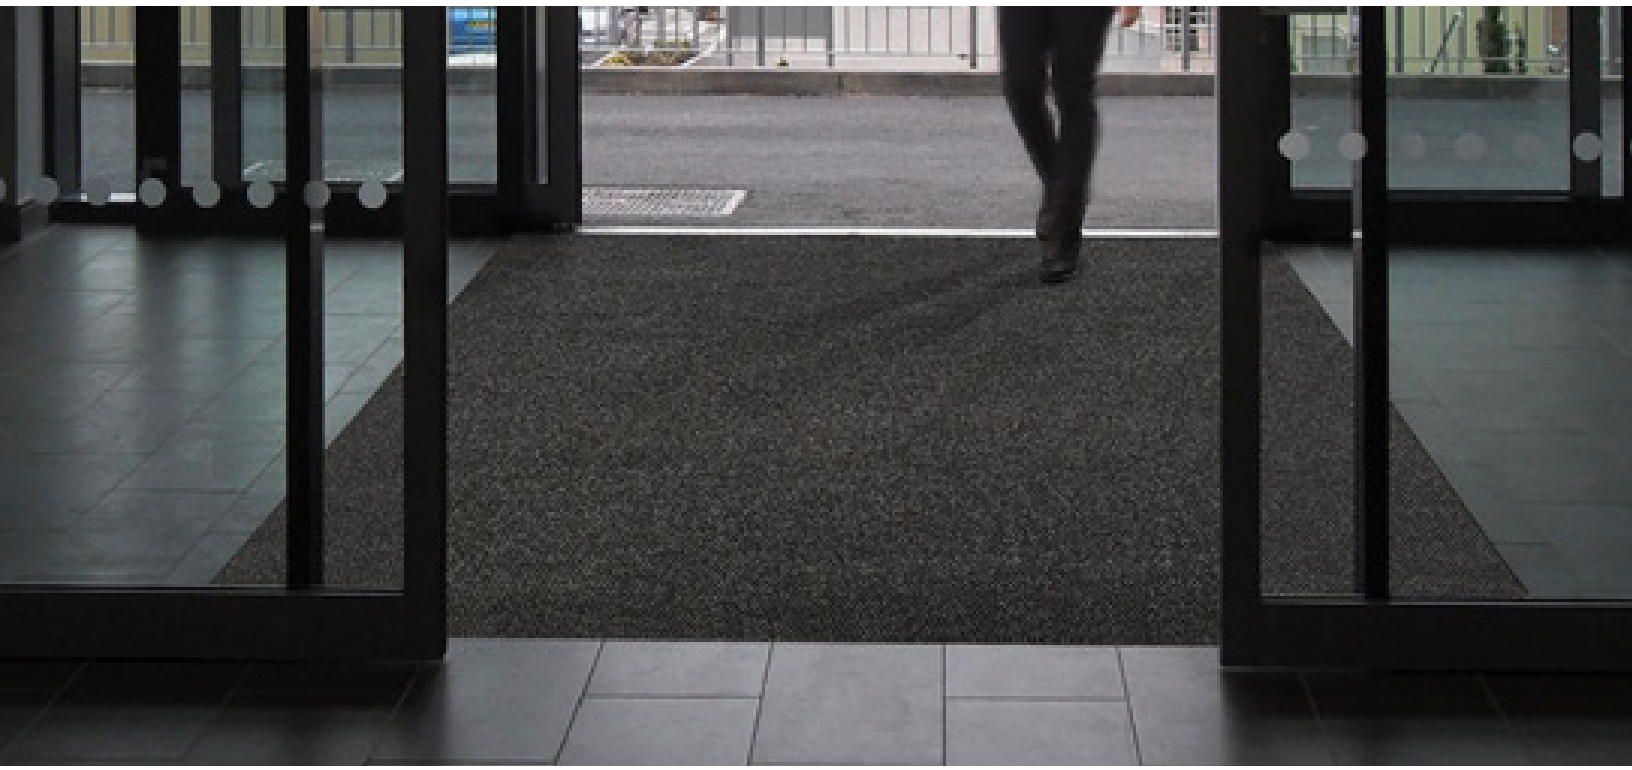
Justrite Safety Group

370 - MASTER TRAX®

PRODUCT INFORMATION BROCHURE

Justrite Safety Group



For over 70 years, the name Notrax® has meant superior quality, service, and innovative products. Now this brand is a cornerstone of Justrite Safety Group, offering the widest selection of products to a variety of markets and applications including entrance mats, anti-fatigue/safety mats, and products designed specifically for use in professional food service environments. Notrax® offers a complete selection of floor matting options to meet any application requirement, quality expectation, and budget.

- **Track record of manufacturing high quality mats for over seventy years**
- **All products are manufactured in ISO certified facilities**
- **Notrax® offers anti-fatigue matting, entrance matting, safety matting, food service matting and specialty mats designed for a variety of industries**

370 - MASTER TRAX® is a heavy-duty entrance mat designed specifically for oversized entrances and foyers where one piece of matting is required versus multiple individual mats. With a robust 52 ounces of needle-punch yatrn per square yard, Master Trax® can withstand high traffic areas such as entrances to stores/shopping malls, hospitals, schools, and office buildings. The berber style top surface comes in a variety of colors to match any decor and beveled edge borders are available for a more gradual transition. A heavy-duty rubber backing with a textured underside helps minimize mat movement.

Material: Berber Carpet W/ Rubber Backing

Features and Benefits:

- Oversized product for high traffic entrances and foyers where one piece of matting is required versus multiple individual mats
- 52 ounces of needle punch yarn per square yard
- Heat-sealed edges, vinyl boarders and squared edges available
- Rubber backing is textured to help minimize mat movement
- UV stable, stain resistant, durable and highly resilient, tightly woven carpet
