High Speed End Mills
List No. 600
Single End / 2 Flute / Center Cutting / HSS / Right Hand Helix

Description: Center cutting ability and wide deep flutes. For milling of keyways, slots and pockets.

Application: Plunge cutting, slotting, pocketing and profiling of aluminum, carbon steel, alloy steel, tool steel & cast iron.

TiN Coated End Mills
List No. 600T
Single End / 2 Flute / Center Cutting / HSS

Description: TiN coating increases surface hardness and lubricity which protects the cutting edge, reducing abrasive wear and friction.

Application: For production profiling and milling of keyways, slots and pockets
