Low Profile Scraper Entrance Mat Arrow Trax® 118

Product Images

Short Description

- The high/low herringbone carpet design is attractive and functional as it scrapes debris and channels it away from shoes regardless of traffic flow
- A full 40 ounces of needle-punched yarn per square yard
- Durable crush resistant fibers provide moisture and grime retention
- Low profile to perform in narrow clearance doorways
- Vinyl backing ensures minimal buckling and mat movement

Description

Arrow Trax® mats provide exceptional performance in highly visible areas that require a subtly attractive yet functional matting product. The durable herringbone pattern offers non-directional scraping action and moisture retention, and a full 40 ounces of needle-punched yarn per square yard provides the highest degree of crush resistance in heavy traffic areas. Heavy-weight vinyl non-slip backing ensures minimum movement.
